I recognize that we have had several tough weeks in which Press Officers have been called upon to work long hours. If you have to stay up to cover a late shift, please adjust your arrival time the next day to allow for enough sleep. Thanks, George

Is anyone in the office til 6 pm who could take the 5-6 pm shift tonight?

I can pick it up from there from home. And I can extend to any of the other times as needed for tonight (I put my name in parens for when I am available)

If, at this point, you ***could*** be available for any of these, please add your name in parens. We'll make it one person per shift, as always, and I can fill in wherever.

TY!

Hi,

Looks like we'll need to be ready to send this evening and possibly tomorrow.

I added myself but am flexible for other times.

Seems like we know by about midnight if something is on the way or not.

Thanks!
